Business Center

Dear Costco Member,

I'm delighted to introduce you to **Costco Business Center – a different kind of Costco.**

Open to all Costco members, but designed with businesses in mind, Costco Business Center offers the quality and value you expect in a variety of unexpected sizes and choices. In fact, **more than 70% of items are different** than those found at a typical Costco.

Whatever type of business you operate, chances are you'll find what you need at Costco Business Center. From healthcare facilities to hair salons, convenience stores to coffee shops, law firms to landscaping companies, and nearly any other business, we've got supplies to keep you stocked. Product categories include dry grocery, fresh food, beverages and snacks, containers and utensils, commercial appliances, break room essentials, office supplies and furniture, janitorial, hardware, automotive, and more.

We know your time is valuable, so we strive to provide an efficient shopping experience. Come in and shop, or order online and have your items delivered directly to your business. For volume orders, consider purchasing by the pallet or truckload (see page 31 for more information). If you opt to walk in, Costco Business Center opens at 7 a.m. so you can get in, get out and get back to business.

With convenient locations in select metropolitan areas in the United States, Costco Business Center is one more way we add value to your membership.

We look forward to seeing you soon.

Sincerely,

Tim Rose

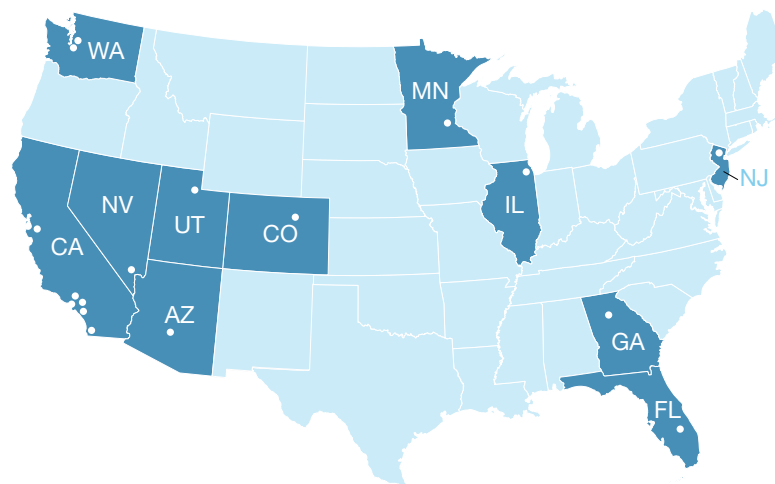

From business essentials to home use products, Costco Business Center offers all Costco members a convenient source for high quality items.

FROM OUR DRIVER

With a combination of product knowledge, superb efficiency and calm coolness in any traffic, Costco Business Delivery drivers possess impressive skills. We recently spoke with Costco Business Delivery Driver, Jarricole Wyke, to learn more about his route. Jarricole provided some insight into his daily duties on the road:

"It's tough to define a typical business, because they vary so much. I'll call at mom and pop stores, retirement communities, medical and dental offices, summer camps, nightclubs, and everything in between."

"Popular items include cases of canned fruit and milk for daycare centers; snack items and tobacco products for corner stores; cases of meat and to-go containers for restaurants; and bath tissue and paper towels for office break rooms. But really, no item is uncommon."

"Without question, our priority is member service. It's important that drivers are polite and informative, and can answer questions, all while being as efficient and accurate as possible. It's the same type of service members expect anywhere else at Costco. Our job is to do everything we can to make it a great experience for the member."

Commercial Appliances

Competitive pricing on top brands

To help ensure your business operates smoothly, quality appliances are important. From countertop microwaves, broilers and slicers, to freestanding ranges, refrigerators, freezers, and dishwashers, we offer a variety of top-rated brands and styles. Special order items are available online at CostcoBusinessDelivery.com.

FROM OUR GENERAL MERCHANDISING MANAGER

"Costco Business Center created our Commercial Appliances program from scratch to best serve the needs of our members. We carry the most trusted brands in the food service industry at competitive prices, with a selection covering walk-in boxes to exhaust hoods. Meet with commercial appliance specialists at any of our locations to receive equipment recommendations and delivery options based on your specific needs. If you don't see it in our warehouse, we can order it. Visit your nearest Business Center and discover how we can customize your commercial kitchen."

– Shannon Weeks, General Merchandising Manager,
Non Foods & Corporate Global Volume Sales, Costco Business Center

Restaurant

Front of house, back of house and everything in between

Count on Costco Business Center for quality food service supplies. You'll find necessary bakeware items, dining room and kitchen supplies, and restaurant and catering equipment. We also carry everything from glassware and chef's apparel to pizza pans, soup warmers, and takeout containers, all at Costco's everyday low prices.

Disposables

Food service supplies, with environmentally responsible options

We know it takes more than a good menu to operate a profitable restaurant, a successful corporate event or a special gathering with friends and family. From food service wraps and portion cups to cutlery and straws, you'll find a variety of essential items, including environmentally responsible products.

Beverages

Discover a larger selection than a traditional Costco

Keep Costco Business Center at the top of your shopping list for beverages. For your sporting event or concession stand, explore our drink choices to keep athletes and spectators hydrated. We carry variety packs, as well as a large selection of single flavor packs, so you're sure to have an assortment to please customers, coworkers and family members.

Grocery

Pantry basics at exceptional value

In food service, you know the importance of sourcing quality, affordable grocery items. Our selection of canned goods, grains, cereal, sauces, and other staples will help keep your shelves stocked and your inventory complete. Purchase the quantity you need at the value you expect.

FROM OUR BUYERS

"It's not uncommon for Costco buyers to influence an item before it arrives in our warehouses. Our team worked directly with Forever Green on their dried jackfruit to deliver a premium product, which debuted exclusively at Costco Business Center. We saw a great item with even more potential, and turned it into a Costco item that aligned with our core standards and culture. The packaging was redesigned to offer value and a more informative story about the fruit. Then, we identified efficient ways to process and create the best possible product for our members. Due to popularity and high demand, the item will soon be available at select Costco locations."

– Heather Venum, Buyer, Dry Grocery, Costco Business Center

"As buyers, it's our job to uphold Costco's commitment to quality and value in merchandise for our members. A testament to our dedication is vanilla. By leveraging volume to get better pricing, we can present the best possible value on the commodity. We worked with Rodelle to double the size of the product, cut the packaging in half and pass on the savings to members. We're proud to work with a vendor that works with an employee-owned local cooperative, which ensures a farm-to-table vanilla extract backed by traceability initiatives. By working directly with the farmers, Rodelle removes the middlemen in the supply chain. Rodelle also acts as its own exporter, and is able to pass along the savings to its customers."

– Eric Thompson, Buyer, Dry Grocery, Costco Business Center

Cooler

Quick and easy food service staples

From milk to eggs to cheese and butter, our impressive cooler section is significantly expanded compared to a typical Costco. Find fresh meat, produce and dairy at exceptional prices, and in the larger quantities you need. Plus, look for specialty items, including kosher, organic and halal choices.

Frozen

Fast food favorites

For your convenience store, sandwich shop, burger business, juice bar, or other grab-and-go venue, you'll find everything you need to stock an industrial freezer at terrific value. Discover quality meat, vegetables, desserts, seafood, pasta, ethnic products, breakfast items, assorted snacks and sandwiches, and so much more.

Produce

Restaurant quantity and quality at Costco value

Find fresh fruit and vegetables at great value year-round. Bulk items are offered by the case, in commercial-size bags and in ready-to-use pouches. Plus, find fresh herbs and prepackaged items like sliced apples and carrot sticks.

Meat & Seafood

Quality cuts for great flavor and value

When it comes to fresh beef, chicken, pork and fish, Costco Business Center offers outstanding cuts in commercial quantities. Portion cut steaks feature consistent sizing, no waste and an extended shelf life. Whether you run a food truck, a barbecue spot, a steakhouse or a fine-dining restaurant, you'll discover meat and seafood you'll be proud to serve.

"We know restaurants rely on having quality products to keep their kitchens running smoothly. In many cases, we work directly with restaurant management on volume sales to ensure they stay on track with the right product, in the right quantities, at the right price. Members have the ability to place an order for delivery as soon as next business day, which for a restaurant owner or catering business is a huge benefit for any last minute needs."
